Dear Parent/Carer,

Your child is invited to take part in a Mathematics Mentoring Programme which will run weekly during term time and is fully funded by Leighton Park School.

This is being run in partnership with Leighton Park School and is done through an app called Colet Mentoring. Students are able to take a picture of any mathematics questions that they get stuck on and an anonymous student at Leighton Park will respond with how to solve it. Students should all have the Colet App installed on their mobile device to ensure that this runs smoothly, however they can use the online version from a computer instead if required.

It is imperative that students sign up using their school email address otherwise the app/website will not work.

All sessions will be "live" and no responses will be sent during inactive hours however students are able to submit questions whenever they wish to. Please ensure that your child can access either the mobile app or the web version ([colet-app.web.app](http://colet-app.web.app)) for each of the live sessions as outlined below:

**Wednesday 22nd November 4:30 – 5:30 pm**

**Wednesday 29th November 4:30 – 5:30 pm**

**Wednesday 6th December 4:30 – 5:30 pm**

**Wednesday 13th December 4:30 – 5:30 pm**

This will continue into 2024 and I will share the live dates and times with you for these after the Christmas break however they will be Thursdays from 4:30 until 5:30pm

All live "chats" are monitored by staff at both Leighton Park and at Blessed Hugh Faringdon as well as going through AI censoring to ensure that everything sent is always appropriate.

If you have any questions, please contact me via email: [jo.hulin@hughfaringdon.org](mailto:jo.hulin@hughfaringdon.org)

Mrs J Hulin

Mathematics Subject Leader
